

L-ACOUSTICS SYSTEMS IMPLEMENTATION COURSE DESCRIPTION

EDUCATION PROGRAMS

In this training, the system technician learns to implement a L-Acoustics system as specified by the designed solution, ensuring it is safe, functional and ready for calibration..

SUMMARY

COURSE TYPE	Product training
LEARNING PATH	System technician
LEARNING OBJECTIVES	<ul style="list-style-type: none">• Collect and interpret the design documents and all needed resources for implementation.• Understand your implementation responsibilities• Understand how to:<ul style="list-style-type: none">• Safely mount and rig the system, following L-Acoustics procedures• Cable & connect the loudspeaker system• Configure the drive system and check the loudspeaker system to be ready for calibration

MODALITIES

PREREQUISITES	<ul style="list-style-type: none">• System & Workflow course certification• Technical English
DURATION	7 hours
PARTICIPANTS	12 maximum
LEARNING FORMAT	Instructor-led session: onsite or online classroom
TEACHING METHODS	Presentation, quiz, exercise
LANGUAGES	<ul style="list-style-type: none">• Session delivered in local language• Material written in technical English
INSTRUCTOR PROFILE	Live sound expert, selected, trained, certified and regularly updated by L-Acoustics education team

LEARNING AGENDA

DOCUMENTATION	<ul style="list-style-type: none"> • Use the reference files • Soundvision versus reality check • Exercise 	1.5 HOURS
MOUNT & RIG	<ul style="list-style-type: none"> • System technician duties and responsibilities • L-Acoustics rigging systems • System deployment • Best practices • Learning quiz 	2 HOURS
CABLE & CONNECT	<ul style="list-style-type: none"> • L-Acoustics system cabling • Schematics, data table, cabling diagrams • Implement the network and achieve audio distribution • Exercise 	2 HOURS
RUN & TEST	<ul style="list-style-type: none"> • Drive system configuration • Electronic check • Acoustic check • Learning quiz 	1.5 HOURS

REQUIRED EQUIPEMENT

INSTRUCTOR-LED SESSION	<ul style="list-style-type: none"> • Computer with a mouse • Latest version of Soundvision and LA Network Manager software • Note pad and pen
ONLINE ACTIVITIES	<ul style="list-style-type: none"> • Computer with a mouse • Internet connection

EARNED BENEFITS

Upon completion, the participant is granted with a Certificate and a 1-year account activation/extension on the online **L-Acoustics Education** platform.

In the platform, the membership to the **L-Acoustics Systems Implementation** group opens access to:

- Always up-to-date **L-Acoustics Systems Implementation** material in the Learning center
- Forum gathering all the **L-Acoustics Systems Implementation** certified technicians and instructors
